The Christmas Collection
2026

MARVELLE

Christmas deserves more than a theme.

Marvelle designs and delivers distinctive Christmas events for corporate and private clients across Scotland and the North East of England.

From intimate celebrations to large-scale parties with over 1000 guests, we combine creative direction, design, production and management to deliver events from initial concept through to completion.

Our involvement can be as comprehensive or focused as required, from full event delivery to individual design, production and hire services.

The Marvelle Christmas Collection presents four individual design concepts, each creating a distinct look and atmosphere.

Each has been developed as a complete idea, bringing together florals, lighting, décor and finishing details to transform the space as a whole.

Choose a collection as designed, or use it as the starting point for a concept adapted to your venue and event.
